NEC

Testimonial

Dear Sir,

As happy user of the NEC Versa Notebook,
I would like to express my satisfaction with the product…

As professional, a notebook is for me a very important tool which I use daily. One day without my NEC is as one day without my hand-phone, so it is unimaginable for me…

After being a loyal user for many years (10) of another brand, a was very reluctant in swapping to NEC but after various discussions with Mr. Surya and his very qualified staff from PT PBN, I thought to give it a try…

Now after using the NEC Versa for more than 3 month already, I can only say that it is a pity that I didn't change my previous notebook for NEC earlier.

The other strong point of PBN is the quality of the service they deliver, really impressive! No question is too difficult and no question too stupid for them to answer.

I can keep on going in bringing up reasons why
NEC and PBN are the best choice I made in a long time, but the best way is to talk to the experts from PBN our even better follow my example…

NEC/PBN …. THUMPS UP
